Customized Trophies

Trophy House can customize any shape or logo required as per your business requirement, but for cost efficiency it would be practical for quantities from the same shape as any new shape must pass through the below steps

- 1- Converting the trophy / Logo / Shape photo or to 3d design and this step done via professional 3d graphic designer
- 2- Printing the 3d design via 3d printer
- 3- Refining & smoothing 3d model
- 4- Structuring the mold
- 5- Start producing the required quantities
